Strengths we Used
1. Restorative, using project management skills to problem solve
2. Developer, challenging the leaders and helping them grow

Things we Learned
1. A new appreciation for the amount of behind-the-scenes work that goes into these projects.
2. Applying strengths and values-based leadership.

We appreciate the hard work and enthusiasm teachers have in developing the children and engaging with the mentors.

We appreciate how eager the students are to learn and connect with the mentors. They were very creative critical thinkers.
